**What's with the name?** The Sahara is a metaphor of the spiritual state of the Muslim world. Islam is a complex religious/political system that ultimately does not offer salvation or peace to its followers. The Muslim world is in a state of spiritual dryness, like a desert. Our challenge as the followers of Christ is to bring the hope of Jesus to the Muslims in our neighborhood and around the world.

**Who should go?** Anyone who wants to learn how to effectively reach Muslims with the gospel! Many participants fall into two groups: (1) College students and professionals investigating deeper involvement in Muslim ministry, or (2) candidates or field staff from sending agencies. Those under 18 are welcome to attend with parental consent.

"I cheer Crescent Project on and recommend their message to anyone interested in reaching out to the Muslims around us."
